

# Nutrifast Liquid Product

## Mixing Instructions:

SHAKE WELL BEFORE USE - This product is widely compatible with other chemicals and will disperse in water with a little agitation. If using as part of a crop spray programme, follow this sequence:

1. Water
2. Product
3. Pesticide

To test physical compatibility mix the products in the ratios to be used in a small container before performing the operation in the spray tank. For best results spray when crop is in an actively growing state. During hot weather spray early morning or late evening. This product is manufactured to a high quality specification, any residue is readily dispersible, rinse bottle with water and add to spray tank.

## Conditions of Supply:

All goods supplied by us are of high quality and we believe them to be suitable, but as we cannot exercise control over their storage, handling, mixing at use or of the weather conditions before during and after applications which may affect the performance of the goods, all conditions and warranties, statutory or otherwise as to the quality or fitness for any purpose of our goods are excluded and no responsibility will be accepted by us or re-sellers for any failure in performance, damage or injury whatsoever arising from their storage, handling application at use. These conditions cannot be varied by our staff or agents whether or not they supervise or assist in the use of such goods.

## Precautions:

Irritating to eyes and skin.

In case of contact with eyes, rinse immediately with plenty of water (for at least 10 minutes) and seek medical advice.

Wear suitable protective clothing, gloves & eye/face protection

In case of accident or if you feel unwell seek medical advice immediately (show the label where possible)
