

NUTREL

NUGRO

8-7-7

A COMPLETE HIGH PERFORMANCE PLANT & CROP NUTRIENT DERIVED FROM LIQUIDISED FISH BLOOD AND BONE RESIDUES. WHEN USED IN ORGANIC GROWING SYSTEMS, RESTRICTED TO USE IN PROTECTED CROPPING, PROPOGATING AND PERENNIAL CROPS. USE SUBJECT TO APPROVAL BY YOUR CERTIFICATION BODY. CONTAINS NO MAMMALIAN MATERIAL.

Analysis (w/w):	Nitrogen (N) -	8.0%	Iron (Fe) -	718 mg/kg
	Phosphorous (P205) -	7.8%	Manganese (Mn) -	157 mg/kg
	Potassium (K20) -	7.2%	Zinc (Zn) -	55 mg/kg
	Sulphur (S) -	2.7%	Molybdenum (Mo) -	90 mg/kg
	Calcium (Ca) -	1.3%	Copper (Cu) -	73 mg/kg
	Magnesium (Mg) -	0.33%	Boron (B) -	156 mg/kg

Application Recommendations:

**Contains:
10 Litres**

L028D

Nu-Gro used with conventional fertilisers.

Foliar booster: 1 Litre / ha in 200 Litres water regularly throughout the growing season.

General use: 2.5 - 5 litres / ha in 200 Litres of water.

Knapsack applications: 5 ml (teaspoon) in 10 Litres of water/10 m².

Nu-Gro used as total source of plant nutrients:

General Use: 50 Litres / ha in 200 Litres of water. 50 ml / 10 Litres / 10 m²

Nu-Gro for plant propagation:

10 ml per standard tray in up to 1/2 litre water. Apply 3-5 times as required.

Category 3 Derived Animal By-Product - Not for Human Consumption

Organic fertiliser/Soil Improver:
No grazing of farmed animals or use of crop herbage during at least 21 days following application
